Vice-President no.2
and TUCC representative, Hugh Arthur
Secretary, Bob Painter

JANE RICHARDSON NEW PRESIDENT . . .

TRAILL ELECTION RESULTS

After an evening of tangible tension, Catherine Parr Traill College emerged Wednesday night with a new College Cabinet for 1967-68. Voting was a tedious process, as only three candidates received the necessary 51% support on the first ballot, and eight revotes were necessary. However the heavy turnout of voters seems to indicate an active interest in college affairs; this, coupled with the experienced character of the new Cabinet (five second year members) suggests a progressive year to come. Elected to office were:

President, Jane Richardson
Vice-President, Melody Morrison

NEW VICE AT PRC

Master Sadleir announced to the Peter Robinson College Council last Tuesday night that Professor I.D. Chapman has been appointed Vice-Master of the college. The new Vice-Master, "very pleased" about his promotion said that the appointment will not change his basic function. In fact, the move accents even more his present position in the University. For unlike the other Senior Dons, Professor Chapman's teaching load is purposely made comparatively light in order to allow him to devote more time to college affairs. Arthur joins the rest of the university in congratulating him.

PITMAN APPOINTED DIRECTOR OF PART-TIME STUDIES

The appointment of Mr. Pitman as Trent University's first Director of Part-Time Studies was announced today by the President and Vice-Chancellor T.H.B. Symons. He continues in his present position as Associate Registrar, with special responsibility for the University's secondary schools liaison programme.

Mr. Pitman will be responsible for the planning and further development of Trent's programme of adult and continuing education and the University's summer academic programme, as well as various other aspects of part-time studies.

LETTERS TO THE EDITOR:

Dear Arthur,

Your anonymous correspondent doubtless has some justification for his indignation about the plight of the tutorial at Trent, but I resent the implication that some members of the faculty are leaving the University because they do not like tutorials and cannot give them. I don't know if I give good tutorials, but I enjoy them and I think they are a vital part of what Trent has to offer. And I suspect that I speak here for other members of the faculty who happen to be moving on to other institutions.

Yours truly,
J. Dale
